The Arc of Truth

Lewis V. Baldwin, 2022-10-04 Martin Luther King Jr said and wrote as much or more about the meaning nature and power of truth as any other prominent figure in the 1950s and 60s King was not only vastly influential as an advocate for and defender of truth he also did more than anyone in his time to organize truth into a movement for the liberation uplift and empowerment of humanity efforts that ultimately resulted in the loss of his life Drawing on King s published and unpublished sermons speeches and writings *The Arc of Truth* explores King s lifelong pilgrimage in pursuit of truth Lewis Baldwin explores King s quest for truth from his inquisitive childhood to the influence of family and church to Morehouse College Crozer Theological Seminary Boston University and other academic institutions in the Northeast Continuing on the book follows King s sense that he was involved in experiments of truth within the context of the struggle to liberate and empower humanity to his understanding of the civil rights movement as unfolding truth to his persistent challenge to America around its need to engage in a serious reckoning with truth regarding its history and heritage Baldwin investigates King s determination to speak truth to power and his untiring efforts to actualize what he envisioned as the truthful ends of the beloved community through the truthful means of nonviolent direct action King believed taught and demonstrated by example that truth derives from a revolution in the heart mind and soul before it can be translated into institutions and structures that guarantee freedom justice human dignity equality of opportunity and peace Ultimately King s significance for humanity cannot be considered only his contributions as a preacher pastor civil rights leader and world figure he was and remains equally impactful as a theologian philosopher and ethicist whose life and thought evince an enduring search for and commitment to truth

The Voice of Conscience Lewis V. Baldwin, 2010 Before he was a civil rights leader the Rev Martin Luther King Jr was a man of the church His father was a pastor and much of young Martin s time was spent in Baptist churches He went on to seminary and received a Ph D in theology In 1953 he took over leadership of Dexter Avenue Baptist Church in Atlanta The church was his home But as he began working for civil rights King became a fierce critic of the churches both black and white He railed against white Christian leaders who urged him to be patient in the struggle or even opposed civil rights altogether And while the black church was the platform from which King launched the struggle for civil rights he was deeply ambivalent toward the church as an institution and saw it as in constant need of reform In this book Lewis Baldwin explores King s complex relationship with the Christian church from his days growing up at Ebenezer Baptist to his work as a pastor to his battles with American churches over civil rights to his vision for the global church King Baldwin argues had a robust and multifaceted view of the nature and purpose of the church that serves as a model for the church in the 21st century

The New Encyclopedia of Southern Culture Thomas Cleveland Holt, Laurie B. Green, Charles Reagan Wilson, 2013-06-03 There is no denying that race is a critical issue in understanding the South However this concluding volume of *The New Encyclopedia of Southern Culture* challenges previous understandings revealing the region s rich ever expanding diversity and providing new explorations of race relations In 36 thematic and 29 topical essays contributors

Hillerbrand,2004-08-02 For more information including sample entries full contents listing and more visit the Encyclopedia of Protestantism web site Routledge is proud to announce the publication of a new major reference work from world renowned scholar Hans J Hillerbrand The Encyclopedia of Protestantism is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought Featuring entries written by an international team of specialists and scholars the encyclopedia traces the course of Protestantism from its beginnings prior to 1517 when Martin Luther nailed his 95 Theses to the door of Wittenberg Cathedral to the vital and diverse international scene of the present day

Just War Thinkers Revisited Daniel R. Brunstetter,Cian O'Driscoll,2024-11-25 This book comprises essays that focus on a range of thinkers who challenge the boundaries of the just war tradition The ethics of war scholarship has become a rigid and highly disciplined activity closely associated with a very particular canon of thinkers This volume moves beyond this by presenting thinkers not typically regarded as part of that canon but who have interesting and potentially important things to say about the ethics of war The book presents 20 profile essays on an eclectic cast of heretics humanists and radicals from ancient Greece to the twenty first century who lived through and theorized about violence The book asks how ethics of war scholars might benefit from engaging with them Some of these thinkers engage directly with to augment or criticize the just war tradition while others contribute to military thinking across the ages pushing the boundaries of what was acceptable in war Many proffer alternative moral frameworks regarding the legitimacy of political violence The present volume thus invites scholars to reconsider the ethics of war in a way that challenges the standard delineation between just war theory realism and pacifism and to reflect on how those positions might inform our own approach to these matters This book will be of much interest to students of just war theory ethics of war war studies and International Relations
