

The background of the top half of the cover is a painting of two large, multi-masted sailing ships on a dark, choppy sea under a cloudy sky. The ship on the left is closer and more detailed, showing its complex rigging and sails. The ship on the right is further away, appearing as a silhouette against the horizon.

Royal Navy Versus The Slave Traders Enforcing Abolition At Sea 1808 1898:

Royal Navy Versus the Slave Traders Bernard Edwards, 2008-03-24 The acclaimed naval historian sheds significant light on the Royal Navy's role in fighting the African slave trade through years of bitter battle at sea. On March 16th 1807 the British Parliament passed The Abolition of the Slave Trade Act. The following year the Royal Navy's West African Squadron was formed for the purpose of stopping and searching ships at sea suspected of carrying enslaved people. But with typical thoroughness the Royal Navy took the fight to the enemy sailing boldly up uncharted rivers and creeks to attack the barracoons where slave traders prepared their shipments. For much of its long campaign against the evil of slavery Britain's Navy fought alone and unrecognized. Its enemies were many and formidable. Ranged against it were the African chiefs who sold their own people into slavery and the slave ships of the rest of the world heavily armed and prepared to do battle to protect their right to traffic in so called black ivory.

Royal Navy Versus the Slave Traders Bernard Edwards, 2021-08-30 On 16 March 1807 the British Parliament passed The Abolition of the Slave Trade Act. In the following year the Royal Navy's African Squadron was formed its mission to stop and search ships at sea suspected of carrying slaves from Africa to the Americas and the Middle East. With typical thoroughness the Royal Navy went further and took the fight to the enemy sailing boldly up uncharted rivers and creeks to attack the barracoons where the slaves were assembled ready for shipment. For much of its long campaign against the evil of slavery Britain's Navy fought alone and unrecognized. Its enemies were many and formidable. Ranged against it were the African chiefs who sold their own people into slavery the Arabs who rode shotgun on the slave caravans to the coast and the slave ships of the rest of the world heavily armed and prepared to do battle to protect their right to traffic in the forbidden black ivory. The war was long and bitter and the cost to the Royal Navy in ships and men heavy but the result was worthy of the sacrifices made. The abolition of the slave trade led to a scramble for empires and in place of slaves Africa began to export cocoa coffee timber palm oil cotton and ores all very much in demand in the West.

Britain's War Against the Slave Trade Anthony Sullivan, 2020-04-30 The true story of the Royal Navy's sixty year campaign to stop slavery across the British Empire decades before the American Civil War. Long before recorded history men women and children had been seized by conquering tribes and nations to be employed or traded as slaves. Greeks Romans Vikings and Arabs were among the earliest of many peoples involved in the slave trade and across Africa the buying and selling of slaves was widespread. There was at the time nothing unusual in Britain's somewhat belated entry into the slave trade transporting natives from Africa's west coast to the plantations of the New World. What was unusual was Britain's decision in 1807 to ban the slave trade throughout the British Empire. Britain later persuaded other countries to follow suit but this did not stop this lucrative business. So the Royal Navy went to war against the slavers in due course establishing the West Africa Squadron which was based at Freetown in Sierra Leone. This force grew throughout the nineteenth century until a sixth of the Royal Navy's ships and marines was employed in the battle against the slave trade. Between 1808 and 1860 the

West Africa Squadron captured 1 600 slave ships and freed 150 000 Africans In Britain s War Against the Slave Trade naval historian Anthony Sullivan reveals the story behind this little known campaign Whereas Britain is usually and justifiably condemned for its earlier involvement in the slave trade the truth is that in time the Royal Navy undertook a major and expensive operation to end what was and is an evil business

Against Decolonisation Doug Stokes,2023-08-29 Following the killing of George Floyd in 2020 a moral panic gripped the US and UK To atone for an alleged history of racism statues were torn down and symbols of national identity attacked Across universities fringe theories became the new orthodoxy with a cadre of activists backed by university technocrats adopting a binary worldview of moral certainty sin and deconstructive redemption through Western self erasure This hard hitting book surveys these developments for the first time It unpacks and challenges the theories and arguments deployed by decolonisers in a university system now characterised by garbled leadership and illiberal groupthink The desire to question the West s sense of itself deconstruct its narratives and overthrow its institutional order is an impulse that ironically was underpinned by a more confident and assured Western hegemony which is now waning and under great strain If its light continues to dim who or what will carry the torch for human freedom and progress

Encyclopedia of African Colonial Conflicts Timothy J. Stapleton,2016-11-07 Two volumes introduce the history of colonial wars in Africa and illustrate why African countries like the Democratic Republic of Congo Nigeria Somalia and Sudan continue to experience ethnic political and religious violence in the early 21st century This sweeping study examines the wars of colonial conquest fought in Africa during the 19th and early 20th centuries From Britain s efforts to wrest control of the Sudan from military leader Muhammad Ahmad al Mahdi to Italy s decisive defeat at the Battle of Adowa in Ethiopia to Leopold II s brutal reign over the Belgian Congo the work surveys the devastation reaped upon the continent by colonization and illustrates how its combative influence continues to resonate in Africa today Written by scholars in the fields of history and politics this complete reference includes entries on wars campaigns rebellions battles leaders and organizations The work delves into key historical periods including the Scramble for Africa ca 1880 to 1910 early European colonial wars in Africa such as the Dutch in the Cape and the Portuguese in Angola and Mozambique and African rebellions against the early colonial state in the 1890s and early 1900s Entries feature prominent events and personalities as well as lesser known occurrences and players

Inhuman Traffick Rafe Blaufarb,Liz Clarke,2015 *Inhuman Traffick* tells for the first time a story of enslavement and freedom that spans the entire Atlantic world Beginning in 1829 off the west coast of Africa with the recapture of the slave ship *Nevers* e previously seized by the British Navy in its efforts to suppress the inhuman traffick and ending with the liberation of the African passengers who had been sold into slavery in the French Caribbean Rafe Blaufarb puts a human face on the history of the transatlantic slave trade and the efforts to suppress it He addresses a neglected aspect of this tragic history in the wide geographical and thematic contexts in which it took place Africa the Caribbean Europe and the Atlantic Ocean and situates the story in familial social economic diplomatic and military spheres

Inhuman Traffick shows how history is done by explaining how the documents on which it is based moved through time and space from the ships African outposts colonial buildings and ministerial offices to the archives of present day Britain and France Blaufarb follows the ship its crew and its captives from the slave port of Old Calabar to the Caribbean and into the courts of Britain and France where the history of the illegal slave trade slavery in the Caribbean and diplomatic history all come into focus Students will be taken in by the vivid drawings and the rich narrative but in Blaufarb s skilled hands they will also find themselves immersed in a unique learning experience Blaufarb not only presents the history of the ship and its captives he takes the reader inside the project itself He explains how he came upon the story how he and his editor envisioned the project and how he worked with illustrator Liz Clarke to craft more than 300 cells that comprise Part II of the book He and Clarke even take the reader inside archives in France and Britain This powerful combination of historical essay graphics primary source documents and discussion questions gives students insight into the Atlantic World plantation complex the transatlantic slave trade and the process of historical storytelling itself

The Political Economy of the Interior Gold Coast Jarvis L. Hargrove, 2015-12-09 This book analyzes the Gold Coast and the Asante kingdom in the years following the abolition of the transatlantic slave trade and prior to the start of colonial rule The Asante state one of the largest in the Gold Coast and West Africa after the eighteenth century is the central focus of this work Studying their transition from a large scale supplier of captives to the transatlantic slave trade to traders in legitimate goods is a critical component that should be analyzed across West Africa This work highlights the political and economic relationships between the interior Asante state with surrounding African groups and Europeans chiefly British traders who entered the region in the eighteenth and nineteenth centuries

Distant Freedom Andrew F. Pearson, 2016 This book is a study of the remote South Atlantic island of St Helena and its role in the abolition of the slave trade

The Black Joke A. E. Rooks, 2022-02-03 Longlisted for the Mountbatten Maritime Media Awards 2022 A groundbreaking history of the Black Joke the most famous member of the British Royal Navy s anti slavery squadron and the long fight to end the transatlantic slave trade Initially a slaving vessel itself the Black Joke was captured in 1827 and repurposed by the Royal Navy to catch its former compatriots Over the next five years the vessel liberated more enslaved people than any other in Britain s West Africa Squadron As Britain attempted to snuff out the transatlantic slave trade by way of treaty and negotiation enforcing these policies fell to ships such as the Black Joke as they battled slavers weather disasters and interpersonal drama among captains and crew that reverberated across oceans The Black Joke is a crucial and deeply compelling work of history both as a reckoning with slavery and abolition and as a lesson about the power of political will or the lack thereof

Opposing the Slavers Peter Grindal, 2016-04-25 Much is known about Britain s role in the Atlantic slave trade during the eighteenth century but few are aware of the sustained campaign against slaving conducted by the Royal Navy after the passing of the Slave Trade Abolition Act of 1807 Peter Grindal provides the definitive account of this little known yet important part of the British European and American history

Drawing on original sources to provide a comprehensive and engaging narrative of the naval operations against slavers of all nations in particular Portugal Spain the Netherlands and Brazil he describes how illegal traders sought to evade treaty obligations reveals the obduracy of the USA that prolonged the slave trade and shows how despite inadequate resources the Royal navy's sixty year campaign forced slavers to expend ever greater sums to conduct their business and confront the losses inflicted by capture and condemnation A work that will transform our understanding of the Royal Navy's campaign against the Atlantic slave trade
