**Advances in Culture Theory from Psychological Anthropology** Naomi Quinn, 2018-07-25 This edited volume provides a long overdue synthesis of the current directions in culture theory and represents some of the very best in ongoing research Here culture theory is rendered as a jigsaw puzzle the book identifies where current research fits together the as yet missing pieces and the straight edges that frame the bigger picture These framing ideas are two Roy D Andrade s concept of lifeworlds adapted from phenomenology yet groundbreaking in its own right and new thinking about internalization a concept much used in anthropology but routinely left unpacked At its heart this book is an incisive insightful collection of contributions which will surely guide and support those who seek to further the study of culture

**Fundamentals of Research on Culture and Psychology** Valery Chirkov, 2015-11-19 This unique text covers the core research methods and the philosophical assumptions that underlie various strategies designs and methodologies used when researching cultural issues It teaches readers why and for what purpose one conducts research on cultural issues so as to give them a better sense of the thinking that should happen before they go out and collect data More than a methods text it is about all the steps that go into doing cross cultural research It discusses how to select the most appropriate methods for data analysis and which approach to use and details quantitative qualitative and mixed methods for experimental lab studies and ethnographic field work

*Ethnographic Fieldwork* Antonius C. G. M. Robben, Jeffrey A. Sluka, 2012-01-24 Newly revised *Ethnographic Fieldwork An Anthropological Reader* Second Edition provides readers with a picture of the breadth variation

and complexity of fieldwork The updated selections offer insight into the ethnographer's experience of gathering and analyzing data and a richer understanding of the conflicts hazards and ethical challenges of pursuing fieldwork around the globe Offers an international collection of classic and contemporary readings to provide students with a broad understanding of historical methodological ethical reflexive and stylistic issues in fieldwork Features 16 new articles and revised part introductions with additional insights into the experience of conducting ethnographic fieldwork Explores the importance of fieldwork practice in achieving the core theoretical and methodological goals of anthropology Highlights the personal and professional challenges of field researchers from issues of professional identity fieldwork relations activism and the conflicts hazards and ethical concerns of community work

**The Cultural Psyche** Dinesh Sharma, 2021-04-01 As envisaged by Robert A LeVine many years ago the human development indicators have improved in many societies as income healthcare and educational opportunities have been enlarged Global transformations have led to significant decline in extreme poverty and an increase in working class and middle class families around the world in the emerging economies throughout Africa and Asia As the technological and global influences continue to challenge the dominant narrative in academic psychology conflated with WEIRD data assumptions interdisciplinary research will continue to increase in value and scope where LeVine's classical approach in psychological anthropology combined with psychoanalysis developmental psychology demography language or area research and population studies offers a path forward The essays collected here in addition to honoring LeVine's work hold out the promise of a real convergence between psychology and anthropology or the development of a psychosocial science a confluence between positivism and relativism empiricism and ethnography and social sciences and human sciences The scientific search for universal laws and the ever expanding search for cultural meanings in the diverse communities around the world must continue simultaneously and in conjunction with the transnational or global challenges we face today Hybridity fostered by interdisciplinary researchers has stood the test of time as the social sciences have gradually outgrown the monolithic ways of looking at the world The project of a psychosocial science represented by the work of Robert A LeVine at the intersection of psychology anthropology demography child development and psychoanalysis maps out some of the challenges of a hybrid discipline Hybridity impacts not only the humanities and social sciences but physical sciences in genetics and genomics or applied disciplines like biotechnology and life sciences Thus it is important that we not lose sight of LeVine's spirit of interdisciplinary research Advocates for universalism the psychologists or behavioral scientists pursuing universal laws of human nature must collaborate with the growing number of relativistic scientists anthropologists sociologists or cultural studies experts searching for local meanings in small scale village communities There will be a confluence of social and human sciences or what C P Snow the English literary critic called the two cultures of the scientific revolution the sciences and humanities Praise for *The Cultural Psyche* This edited collection by Dinesh Sharma of his mentor Robert LeVine's papers is uniquely positioned between psychology anthropology and human development As one

surveys its wide ranging and fascinating papers one not only comes to understand the principal lines of work carried out over a half century by a remarkable scholar At the same time one gains a sense of the history of these lines of work by a person who has lived through it reflected on it and contributed significantly to its advances This exceptionally valuable volume not only surveys child and human development in depth and across cultures it also points out ways in which these lines of work ought to be pursued in the years to come Howard E Gardner Hobbs Professor of Cognition and Human Development Harvard University Cambridge MA This book offers an overview of the wide ranging contributions of one of the giants of thinking about human development parenting and culture of the last 50 years By bringing together a large body of Bob s writings some of them entirely new this volume represents only one important dimension of LeVine s enormous influence on the thinking of today s scholars but in addition it should be noted how much his scholarship has shaped the work and the thinking of his many students and collaborators in ways that will persist through several academic generations Catherine E Snow Patricia Albjerg Graham Professor of Education Harvard University Cambridge MA

**The Anthropology of Citizenship** Sian Lazar, 2013-11-11 The Anthropology of Citizenship introduces the theoretical foundations of and cutting edge approaches to citizenship in the contemporary world in local national and global contexts Key readings provide a cross cultural perspective on citizenship practices and an individual citizen s relationship with the state Introduces a range of exciting and cutting edge approaches to citizenship in the contemporary world Provides key readings for students and researchers who wish to gain an understanding of citizenship practices and an individual s relationship with the state in a global context Offers an anthropological perspective on citizenship the self and political agency with a focus on encounters between citizens and the state in education law development and immigration policy Provides students with an understanding of the theoretical foundations of citizenship as characterized by liberal and civic republican ideas of political belonging and exclusion Explores how citizenship is constructed at different scales and in different spaces Twenty five key writings identify what is a new and vibrant subfield within politics and anthropological research Displaced Shaifali Sandhya, 2024-03-12 Drawing on firsthand accounts and empirical research as well as interviews with government officials agency directors and refugee camp managers Displaced explores the psychological trauma of refugees and the complex interplay between trauma integration into host nations and the consequences of failing to attend to refugee mental health as part of comprehensive resettlement initiatives worldwide

**Cultural Psychology** Robyn M. Holmes, 2020-01-30 Cultural Psychology explores how culture broadly connects to how individuals think act and feel across diverse cultural communities and settings highlighting the applied nature of cultural psychology to everyday life events and situations Designed for undergraduate students the text contains traditional and non traditional content is multidisciplinary and uses culture specific and cross cultural examples to highlight the connections between culture and psychological phenomena Chapters contain numerous teaching and learning tools including case studies key words chapter summary thought provoking questions and

class and experiential activities      Developing the Dead Diana Espírito Santo, 2023-10-10 Based on extensive fieldwork among espiritistas and their patrons in Havana this book makes the surprising claim that Spiritist practices are fundamentally a project of developing the self When mediums cultivate relationships between the living and the dead argues Diana Espírito Santo they develop learn sense dream and connect to multiple spirits muertos expanding the borders of the self This understanding of selfhood is radically different from Enlightenment ideas of an autonomous bounded self and holds fascinating implications for prophecy healing and self consciousness Developing the Dead shows how Espiritismo's self making process permeates all aspects of life not only for its own practitioners but also for those of other Afro Cuban religions
