Psychological Components Of Sustainable Peace Peace Psychology Book Series:

Psychological Components of Sustainable Peace Peter T. Coleman, Morton Deutsch, 2012-06-15 Scholarship on the psychology of peace has been accumulating for decades. The approach employed has been predominantly centered on addressing and preventing conflict and violence and less on the conditions associated with promoting peace. Concerns around nuclear annihilation, enemy images, discrimination, denial of basic human needs, terrorism and torture have been the focal points of most research. The Psychological Components of a Sustainable Peace moves beyond a prevention orientation to the study of the conditions for increasing the probabilities for sustainable cooperative peace. Such a view combines preventative scholarship with a promotive orientation to the study of peaceful situations and societies. The contributors to this volume examine the components of various psychological theories that contribute to the promotion of a harmonious sustainable peace. Underlying this orientation is the belief that promoting the ideas and actions which can lead to a sustainable harmonious peace will not only contribute to the prevention of war but will also lead to more positive constructive relations among people and nations and to a more sustainable planet. The Psychological Components of a Sustainable Peace is valuable and stimulating reading for researchers in peace psychology, political psychology and conflict resolution as well as others who are interested in developing a sustainable harmonious world.

Handbook on Sustainability Transition and Sustainable Peace Hans Günter Brauch, Ursula Oswald Spring, John Grin, Jürgen Scheffran, 2016-08-10 In this book 60 authors from many disciplines and from 18 countries on five continents examine in ten parts: Moving towards Sustainability Transition; Aiming at Sustainable Peace; Meeting Challenges of the 21st Century; Demographic Imbalances; Temperature Rise and the Climate Conflict Nexus; Initiating Research on Global Environmental Change; Limits to Growth; Decoupling of Growth and Resource Needs; Developing Theoretical Approaches on Sustainability and Transitions; Analysing National Debates on Sustainability in North America; Preparing Transitions towards a Sustainable Economy and Society; Production and Consumption and Urbanization; Examining Sustainability Transitions in the Water, Food and Health Sectors from Latin American and European Perspectives; Preparing Sustainability Transitions in the Energy Sector and Relying on Transnational International Regional and National Governance for Strategies and Policies Towards Sustainability Transition. This book is based on workshops held in Mexico 2012 and in the US 2013 on a winter school at Chulalongkorn University Thailand 2013 and on commissioned chapters. The workshop in Mexico and the publication were supported by two grants by the German Foundation for Peace Research (DSF). All texts in this book were peer reviewed by scholars from all parts of the world.

Morton Deutsch: Major Texts on Peace Psychology Peter T. Coleman, Morton Deutsch, 2015-01-21 Commemorating Morton Deutsch's 95th birthday, this book presents ten major texts by this highly respected social psychologist on war and peace. This second volume presents Deutsch in his role as a leading social science activist on issues of war and peace, writing papers, making speeches and participating in demonstrations. After serving in the U.S. Air Force during World War II and

being awarded two Distinguished Flying Cross medals as a psychologist he was determined to work for a more peaceful world Influenced by Kurt Lewin who believed that nothing was as practical as a good theory Deutsch pursued theoretical work on such issues as cooperation competition conflict resolution and social justice with regard to issues of war and peace As President of the Society for the Study of Peace Conflict and Violence the Society for the Psychological Study of Social Issues and the International Society of Political Psychology he helped to foster social science efforts to make for a more peaceful world

Methodologies in Peace Psychology Diane Bretherton, Siew Fang Law, 2015-09-03 This volume looks at research methods through the lens of peace studies and peace values Apart from reviewing established methods from peace psychology it presents some innovative ideas for conducting research in the area of peace psychology Many of these methods are drawn from the field from activities used by active peace practitioners A critical component of this volume is its core argument that peace research should be conducted by peaceful means and should model peaceful processes Organized thematically the volume begins with a review of the established best practices in peace psychology research methodology including methods for qualitative research for quantitative research and participative action networks In doing so it also points to some of the limitations of working for peace within the tradition of a single discipline and to the need to expand psychology methodology to methodologies Therefore the second half of the volume proceeds to explore the realm of innovative relatively unorthodox research methods such as participatory and workshop methods the creative arts and sports for research purposes The use of new advances in information technology to conduct peaceful research are also discussed The concluding chapters synthesize key issues from the previous chapters and links peace psychology with ideas and implementation of research designs and practices Finally it discusses the nature of academic knowledge and more specifically academic knowledge in peace psychology and where that fits into the mission to build a more peaceful world Overall this book aims to provide peace psychologists with an array of possibilities and best practices for approaching their research Many researchers find the experience of doing research a somewhat lonely if not isolating experience

Methodologies in Peace Psychology Peace Research by Peaceful Means aims to alleviate this feeling as the use of these more innovative methods leads to a closer engagement with the community and a much more social experience of research This volume is a useful tool for both new and experienced researchers because it provides leads for idealistic young researchers who want their work to make a difference in addition to encouraging more reflection and analysis for experienced peace psychologists

The Oxford Handbook of Peace History Charles F. Howlett, Christian Philip Peterson, Christian Peterson, Deborah D. Buffton, David L. Hostetter, 2023 The Oxford Handbook of Peace History uniquely explores the distinctive dynamics of peacemaking across time and place and analyzing how past and present societies have created diverse cultures of peace and applied strategies for peaceful change The analysis draws upon the expertise of many well respected and distinguished scholars from disciplines such as anthropology economics history international relations

journalism peace studies sociology and theology This work is divided into six parts The first three sections address the chronological sweep of peace history from the Ancient Egyptians to the present while the last three cover biographical profiles of peace advocates key issues in peace history and the future of peace history A central theme throughout is that the quest for peace is far more than the absence of war or the pursuit of social justice ideals Students and scholars alike will appreciate that this work examines the field of peace history from an international perspective and expands analysis beyond traditional Eurocentric frameworks This volume also goes far beyond previously published handbooks and anthologies in answering what are the strengths and limits of peace history as a discipline and what can it offer for the future It also has the unique features of a state of the field introduction with a detailed treatment of peace history historiography and a chapter written by a noted archivist in the field that provides a comprehensive list of peace research resources It is a work ably suited applicable for classrooms and scholarly bookshelves

Collective Equality Limor Yehuda,2023-04-27 In recent decades international and regional human rights norms have been increasingly applied to constitutional provisions revealing significant tensions between primary political arrangements such as power sharing institutions and human rights norms This book argues that these tensions generally framed as a peace versus justice dilemma are built on an individualistic conception of justice that fails to account for the empirical reality in places characterized by ethnically based political exclusion and inequalities By introducing the concept of Collective Equality as a new theoretical basis for the law of peace this timely book proposes a new approach for dealing with the tensions between peace related arrangements and human rights norms Through principled pragmatic and legal reasoning the book develops a new paradigm that captures more accurately what equality and human rights mean and require in the context of ethno national conflicts and provides potent guidance for advancing justice and peace in such places

The Psychology of Peace Promotion Mary Gloria C. Njoku,Leonard A. Jason,R. Burke Johnson,2019-07-04 This volume Psychology of Peace Promotion builds on previous volumes of peace psychology extending its contributions by drawing from peace research and practices from five continents Africa Asia Europe North America and South America The book discusses emerging disciplinary and inter disciplinary theories and actions Each chapter begins with a theoretical framework for understanding peace followed by a critical review of peace promotion in a specific setting and concludes with an illustration of psychological principles or theories in either a narrative format or an empirical investigation This volume develops as well as guides its readers on the epistemology of promoting and sustaining peace in varied settings around the world This book presents relevant cutting edge peace promotion strategies to anyone interested in promoting peace more effectively including peace practitioners scholars teachers and researchers as well as the general reader It presents a number of innovative approaches illustrating their applications to specific social problems settings and populations In addition this volume has much in store for both academic and practice based scientists in the field of peace psychology mental health professionals administrators educators and graduate students from various disciplines The

goal is the promotion and sustenance of peace using theoretically sound yet innovative and creative approaches As expressed by the United Nations Secretary peace does not occur by happenstance Promoting and sustaining peace requires reflective thoughtful and targeted efforts This book inspires its readers to develop a better understanding of peace and the means of promoting peace in a sustainable way *Adaptive Mediation and Conflict Resolution* Cedric de Coning,Ako Muto,Rui Saraiva,2022-03-24 This open access book introduces adaptive mediation as an alternative approach that enables mediators to go beyond liberal peace mediation or other determined design models of mediation in the context of contemporary conflict resolution and peace making initiatives Adaptive mediation is grounded in complexity theory and is specifically designed to cope with highly dynamic conflict situations characterized by uncertainty and a lack of predictability It is also a facilitated mediation process whereby the content of agreements emerges from the parties to the conflict themselves informed by the context within which the conflict is situated This book presents the core principles and practices of adaptive mediation in conjunction with empirical evidence from four diverse case studies Colombia Mozambique The Philippines and Syria with a view to generate recommendations for how mediators can apply adaptive mediation approaches to resolve and transform contemporary and future armed conflicts *The Routledge Handbook of Conflict and Peace Communication* Stacey L. Connaughton,Stefanie Pukallus,2024-10-29 This handbook provides a comprehensive review of research in conflict and peace communication and offers readers a range of insights into foundational ongoing and emerging discussions in this field The volume brings together peace studies conflict studies and communication studies to acknowledge the power of communication both cooperative solidarizing and integrative as well as destructive and divisive in constituting social relations It features a multiplicity of authors including academics and practitioners from all corners of the globe and from across the communicative spectrum The handbook is divided into four parts 1 Meta theoretical theoretical and methodological approaches in conflict and peace communication research 2 Conflict communication 3 Peace communication and 4 Cross cutting and emergent themes This handbook is essential reading for scholars research driven practitioners graduate level students and upper level undergraduate students in conflict and peace communication within disciplines such as communication studies political science international relations security studies and human rights **Peace Psychology and Character Strengths** Ryan M.
