Kate Schechter

Psychopathology And Politics Midway Reprint:

Psychopathology and Politics Harold D. Lasswell, 1986-06-15 First published in 1930 this classic study of personality types remains vital for the understanding of contemporary public figures Lasswell's pioneering application of the concepts of clinical psychology to the understanding of powerbrokers in politics business and even the church offers insights into the careers of leaders as diverse as Adolf Hitler and Richard Nixon Harold D. Lasswell: An Annotated Bibliography Rodney Muth, Mary M. Finley, Marcia F. Muth, 1990-07-31 **Political Psychology** John T. Jost, Jim Sidanius, 2004 First Published in

2004 Routledge is an imprint of Taylor Francis an informa company Democracy - A Work in Progress Ernest Lamers, 2020-02-11 Democracy is the worst form of government except for all those that have been tried before Winston Churchill So how should mankind organise itself to ensure a civilised society In this personal and sometimes challenging work the author argues that an idealised form of political government has been the goal of mankind since Plato himself But political thinking has overwhelmingly been a theoretical exercise detached from reality Little consideration was given to the fact that it is humans who do not behave as rationally as political theories are bound to assume who must implement these theories Flawed humans who are driven by the forces of prejudice feelings emotions etc These immutable and distinctive characteristics of the imperfect human ensure that democracy has been impossible to achieve Democracy will never be perfect One can only hope for small incremental improvements Any attempt to force radical changes is doomed to failure

Illusions of a Future Kate Schechter, 2014-08-20 A pioneering ethnography of psychoanalysis *Illusions of a Future* explores the political economy of private therapeutic labor within industrialized medicine Focusing on psychoanalysis in Chicago a historically important location in the development and institutionalization of psychoanalysis in the United States Kate Schechter examines the nexus of theory practice and institutional form in the original instituting of psychoanalysis its normalization and now its crisis She describes how contemporary analysts struggle to maintain conceptions of themselves as capable of deciding what psychoanalysis is and how to regulate it in order to prevail over market demands for the efficiency and standardization of mental health treatments In the process Schechter shows how deeply imbricated the analyst patient relationship is in this effort Since the mid twentieth century the real relationship between analyst and patient is no longer the unremarked background of analysis but its very site Psychoanalysts seek to validate the centrality of this relationship with theory and through codified standards to claim it as a privileged technique It has become the means by which psychoanalysts in seeking to protect their disciplinary autonomy have unwittingly bound themselves to a neoliberal discourse of regulation

Moving Politics Deborah B. Gould, 2009-12-15 In the late 1980s after a decade spent engaged in more routine interest group politics thousands of lesbians and gay men responded to the AIDS crisis by defiantly and dramatically taking to the streets But by the early 1990s the organization they founded ACT UP was no more even as the AIDS epidemic raged on Weaving together interviews with activists extensive research and reflections on the author's time as a member of the

organization Moving Politics is the first book to chronicle the rise and fall of ACT UP highlighting a key factor in its trajectory emotion Surprisingly overlooked by many scholars of social movements emotion Gould argues plays a fundamental role in political activism From anger to hope pride to shame and solidarity to despair feelings played a significant part in ACT UP s provocative style of protest which included raucous demonstrations die ins and other kinds of street theater Detailing the movement s public triumphs and private setbacks Moving Politics is the definitive account of ACT UP s origin development and decline as well as a searching look at the role of emotion in contentious politics **The Governance of Problems** Robert Hoppe,2011 A compelling new approach to public policy making as problem processing bringing together aspects of puzzling powering and participation and relating them to cultural theory issues about networks models of democracy and modes of citizen participation *Approaches to the Study of Politics* Bernard Susser,1992 **Monographic Series** Library of Congress, **Library of Congress Catalogs** Library of Congress,1978
