Noguchi East And West:

Noguchi East and West Dore Ashton, 1993-09 An art history professor and author or editor of 30 books on art and culture maps the life of Japanese American sculptor and designer Isamu Noguchi 1904 1988 and his spiritual journey both in the events of his life and in the milestones of his art the sculptures gardens public spaces and stage decors that gained force and significance from Noguchi's double heritage Photographs Isamu Noguchi S Modernism Amy Lyford, 2013-06-08 In a study that combines archival research a firm grounding in the historical context biographical analysis and sustained attention to specific works of art Amy Lyford provides an account of Isamu Noguchi's work between 1930 and 1950 and situates him among other artists who found it necessary to negotiate the issues of race and national identity In particular Lyford explores Noguchi's sense of his art as a form of social activism and a means of struggling against stereotypes of race ethnicity and national identity Ultimately the aesthetics and rhetoric of American modernism in this period both energized Noguchi's artistic production and constrained his public reputation **Modernity in East-West Literary Criticism** Yoshinobu Hakutani, 2001 This collection of eleven essays concerns the movement of modernity in East West literary criticism Most of the contributions address particular cross cultural relationships such as W B Yeats's interest in the noh play Ezra Pound's imagism and the influence of Zen aesthetics on Western poetry The Western writers discussed range from Americans including Emerson Thoreau Faulkner Wright and Snyder to Europeans such as Marcel Proust The Eastern writers include Basho Tanizaki Lao Tzu Wan Wei Tagore and Yone Noguchi Isamu Noguchi: Between East and West, 2010 **Noguchi** Isamu Noguchi, 2010 This book accompanies the first ever exhibition of work by Isamu Noguchi to be presented in Greece The exhibition includes sculpture drawings models and photographs illuminating the diversity of Noguchi's body of work and illustrating the ways in which the New York based Japanese American artist draws inspiration from cultures across the globe ILLUSTRATIONS 80 colour illustrations **A Companion to Modern Art** Pam Meecham, 2018-02-13 A Companion to Modern Art presents a series of original essays by international and interdisciplinary authors who offer a comprehensive overview of the origins and evolution of artistic works movements approaches influences and legacies of Modern Art Presents a contemporary debate and dialogue rather than a seamless consensus on Modern Art Aims for reader accessibility by highlighting a plurality of approaches and voices in the field Presents Modern Art's foundational philosophic ideas and practices as well as the complexities of key artists such as Cezanne and Picasso and those who straddled the modern and contemporary Looks at the historical reception of Modern Art in addition to the latest insights of art historians curators and critics to artists educators and more Visions of Greater India Yorim Spoelder, 2023-11-23 Greater India was a transimperial Indocentric research paradigm that informed the colonial recovery of the ancient past in Central and Southeast Asia Ancient India was postulated as the fount of an expansive classicism an actor in world history on a par with ancient Greece and Rome Under the Greater India movement the scholarly quest for India in Asia became tied to anti colonial

pedagogical nationalist and Asianist agendas Yet although it provided a potent anti colonial imaginary the movement also bolstered visions of Indian exceptionalism and energized Hindu nationalist ideas of India as a civilizing colonizing power Speaking directly to debates that define and divide India today this is essential reading for those interested in the legacies of Orientalist scholarship and interwar visions of Indian internationalism This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details

Isamu Noguchi Caroline Tiger, 2009 Born in 1904 to an American mother and a Japanese poet father Isamu Noguchi split his childhood and adolescence between two countries in which he never felt he belonged But creating art made him feel at home and Noguchi traveled the world and worked with some of the most renowned artists of the 20th century The ingenious ways he blended both his American and Japanese heritages into sculpture furniture stage sets and public gardens made Noguchi a world renowned artist This detailed biography examines how Isamu Noguchi was able to nurture his artistic vision and in turn mold a striking aesthetic legacy

East-West Literary Imagination Yoshinobu Hakutani, 2017-06-30 This study traces the shaping presence of cultural interactions arguing that American literature has become a hybridization of Eastern and Western literary traditions Cultural exchanges between the East and West began in the early decades of the nineteenth century as American transcendentalists explored Eastern philosophies and arts Hakutani examines this influence through the works of Emerson Thoreau and Whitman He further demonstrates the East West exchange through discussions of the interactions by modernists such as Yone Noguchi Yeats Pound Camus and Kerouac Finally he argues that African American literature represented by Richard Wright Ralph Ellison Alice Walker Toni Morrison and James Emanuel is postmodern Their works exhibit their concerted efforts to abolish marginality and extend referentiality exemplifying the postmodern East West crossroads of cultures A fuller understanding of their work is gained by situating them within this cultural conversation The writings of Wright for example take on their full significance only when they are read not as part of a national literature but as an index to an evolving literature of cultural exchanges
