Nietzsche Devant Ses Contemporains:

Nietzsche and Music Georges Liébert, 2004-01-15 He also explores Nietzsche's listening habits his playing and style of composition and his many contacts in the musical world including his controversial and contentious relationship with Richard Wagner For Nietzsche music gave access to a realm of wisdom that transcended thought Music was Nietzsche's great solace in his last years it was his refuge from madness Jacket Nietzsche devant ses contemporains Geneviève Bianquis, 1959

Nietzsche and Asian Thought Graham Parkes, 1996-06 Nietzsche's work has had a significant impact on the intellectual life of non Western cultures and elicited responses from thinkers outside of the Anglo American philosophical traditions as well These essays address the connection between his ideas and ph The Cambridge Companion to Nietzsche Bernd Magnus, Kathleen Higgins, 1996-01-26 The significance of Friedrich Nietzsche for twentieth century culture is now no longer a matter of dispute He was quite simply one of the most influential of modern thinkers The opening essay of this 1996 Companion provides a chronologically organised introduction to and summary of Nietzsche's published works while also providing an overview of their basic themes and concerns It is followed by three essays on the appropriation and misappropriation of his writings and a group of essays exploring the nature of Nietzsche's philosophy and its relation to the modern and post modern world The final contributions consider Nietzsche's influence on the twentieth century in Europe the USA and Asia New readers and non specialists will find this the most convenient accessible guide to Nietzsche currently available Advanced students and specialists will find a conspectus of recent developments in the interpretation of Nietzsche

Friedrich Nietzsche and the Politics of Transfiguration Tracy B. Strong, 2000 Friedrich Nietzsche and the Politics of Transfiguration provides a comprehensive analysis of the politics that are implicit and explicit in Nietzsche's work Tracy B Strong's discussion shows that Nietzsche's writings are of a piece and have as their common goal a politics of transfiguration a politics that seeks radical change in how human beings live and act in the modern Western world This edition includes a new introduction that demonstrates how the styles of Nietzsche's writings expand our notions of democratic politics and democratic understanding **Nietzsche and Metaphor** Sarah Kofman, 1993-01-01 This long overdue translation brings to the English speaking world the work that set the tone for the Post structuralist reading of Nietzsche

Freud and Nietzsche Paul-Laurent Assoun, 2006-12-12 Many of the leading Freudian analysts including in the early days Jung Adler Reich and Rank attempted to link the writings of Nietzsche with the clinical work of Freud But what was Nietzsche to Freud an intuitive anticipation a precursor a rival psychologist Assoun moves beyond the seduction of these attractive analogues to a deeper analysis of the relation between these two figures **The Philosophers : Their Lives and the Nature of their Thought** Ben-Ami Scharfstein Professor of Philosophy Tel-Aviv University, 1980-06-26 *Pious Nietzsche* Bruce Ellis Benson, 2007-12-17 Bruce Ellis Benson puts forward the surprising idea that Nietzsche was never a godless nihilist but was instead deeply religious But how does Nietzsche affirm life and faith in the midst of decadence and decay Benson looks

carefully at Nietzsche's life history and views of three decadents: Socrates, Wagner, and Paul, to come to grips with his pietistic turn. Key to this understanding is Benson's interpretation of the powerful effect that Nietzsche thinks music has on the human spirit. Benson claims that Nietzsche's improvisations at the piano were emblematic of the Dionysian or frenzied ecstatic state he sought but was ultimately unable to achieve before he descended into madness. For its insights into questions of faith, decadence, and transcendence, this book is an important contribution to Nietzsche studies, philosophy, and religion.

Friedrich Nietzsche Tracy B. Strong, 2017-05-15 From his first readers to the present, Friedrich Nietzsche has found supporters and detractors on every point of the political spectrum. In the introduction to this volume, Tracy Strong analyzes the reasons for this diversity of reception. They are to be found not only in modern social and political developments but more importantly in the purpose and style of Nietzsche's writing. The volume includes selections from all major interpretive schools, including some from the early part of the twentieth century, an appendix presenting a new translation of one of Nietzsche's most controversial writings, *The Greek State*, and a lengthy bibliography of writings on Nietzsche and politics. The essays gathered together in this volume are the work of the most seminal Nietzsche scholars, and taken together provide a comprehensive study of Nietzsche's political thought.
