And God saw that it's good.

Night Of Genesis Night Of Genesis:

Night and Day Richard J. McQueen, Fernand D'AMICO, Jacques WISMAN, 2011-02-17 The subject of Night and Day based on the research topics conducted by Fernand D Amico and Jacques Wisman is proposed in this book as a themed walk through the passages of Scripture from the Old and New Testament The biblical text KJV is presented deliberately devoid of additional comments to offer an immediate and direct perception of the selected track The thematic reading of the biblical text opens to the reader as a fascinating experience that allows him to benefit in a short time a surprising and rich picture of content The night and the day they open the biblical text in a complex of meanings some of which are still obscure and mysterious despite the valiant efforts of biblical scholars in groped to explain their meaning The scan time of life the struggle between good and evil and the seniority of the dark than light according to Genesis are considerably enigmatic and interesting topic

The Merging of Two Worlds Roy E. Bourque, 2011-09-27 Science is a left brained subject It sees the world in mathematical models It is all built on logic Religion is a right brained subject It sees the world in associations It is all built on symbolism Misconceptions are what prevent us from reconciling the associations with the mathematical models Once the misconceptions are revealed the problem goes away The teachings of Eastern Philosophy are interwoven throughout the Old and New Testaments What they have to say explains a great deal about what the Holy Bible is trying to say to us It reveals much of the symbolism used in religion so that it can be understood It takes you beyond the realm of faith and into the realm of knowing The Mayan Calendar and its apparent connection to end time prophecy is also reviewed The evolution of consciousness that it reveals is leading us on a very definite path Taken collectively evolution split brain Eastern Philosophy Christianity and the Mayan Calendar are interwoven to present a worldview that is equally fascinating and very promising

Ehyeh Asher Ehyeh David Birnbaum, Martin S. Cohen, The beating heart of all religious enterprise undertaken in the spirit of intellectual integrity is a riddle how can a God who exists beyond the ken of human beings and outside of the spatial and temporal coordinates that are the most basic of all factors that we bring to bear in our perception and evaluation of the world how can such a God be known at all let alone worshiped meaningfully Classical Jewish sources approach the matter in different ways The Bible for example takes a two pronged approach describing in some passages a God whom none can survive the experience of seeing directly Exodus 33:20

and with whom too close contact can physically disfigure Exodus 34 29 maim Genesis 32 32 or even kill Leviticus 10 2 yet in others describing a God who appears to individuals in a way that is neither terrifying nor inherently dangerous How to reconcile these contradictory approaches feels like a serious desideratum yet one left unaddressed by any biblical author or text But perhaps there is another way to approach the issue could the contradiction be its own lesson one intended to suggest the difficulty or even the near impossibility that inheres in any effort at all to know God or even to know of God And indeed that lesson has an interesting concrete parallel in the description of the Holy of Holies the inmost sanctum of the desert sanctuary in 2 Martin S Cohen which rested the Ark of the Covenant that held the tablets Moses brought down from Sinai Deuteronomy 10 5 cf 1 Kings 8 9 That space was understood to be more intensely suffused with the presence of the Almighty than any place on earth but was also depicted as a chamber without illumination of any sort other than the dim glow of the censer carried into it by the High Priest one single day of the year Could the resultant paradox that the light of God's presence in the world is imagined to exist most palpably in a room devoid of light be intended to suggest the challenge that inheres in the deep human desire to know a God who cannot logically be known In a certain sense this very conundrum hides behind the oracular nature of the Bible itself every single book of Scripture has the stamp of prophecy imprinted on its text either explicitly or implicitly And this is so despite the inherent impossibility of imagining how if God exists outside the limits of human perceptive consciousness anything about God at all let alone God's own words could ever successfully be transmitted in any language rooted in human experience Yet the Bible fully realized in human language exists And then there are the names of God themselves The God of Israel appears throughout Scripture under many different names which themselves also suggest this paradox of divine knowability and unknowability Some of these names are widely known while others are obscure Some appear to be built on Hebrew roots while others resist being analyzed linguistically Some seem related to some specific kind of communion with the Divine while others seem more aligned with how people use their names to distinguish themselves from other people but without anyone supposing that the etymological root of any individual's name is a reliable indicator of that person's character or personality In the end the full collection of divine names both illuminates and obscures each one saying something of the God it names but usually leaving more unstated than revealed

3 Preface The title of this volume Ehyeh Asher Ehyeh is presented in Scripture as a name of God It appears in Scripture only once at Exodus 3 14 where it has a mysterious feel that resists easy explication even though the words are not at all obscure linguistically and indeed can be taken as a straightforward sentence in relatively simple Hebrew Adding to the mystery it also has a shorter form to which Scripture alludes in the same verse simply Ehyeh but it is not obvious if the long form is to be taken as an elaboration of the basic shorter name or if the shorter name is merely an abbreviated version of the longer one Nor is it clear how the narrative context of the passage sheds light on the meaning of the name if it does the Ehyeh name is one of many things revealed by God to Moses at the burning bush but it is not clear to what extent that name is tied to that specific one of the

prophet's encounters with the Divine And it also seems noteworthy that both forms of the Ehyeh name the longer and the shorter one appear only one time in all of Scripture we never read of Moses obeying God's direct command and actually using that specific name when speaking to the people a detail that seems important yet is neither resolved nor even noticed within the narrative Furthermore there is something deeply suggestive of the divine I in the Ehyeh name a detail that is lost in translation from the original Taken as a simple Hebrew verb ehyeh is the imperfect first person singular form of a common verbal root that generally denotes existence or being outside this specific context the word ehyeh appears dozens of times in Scripture with the simple meaning of I am or I shall be It therefore feels as though the Ehyeh name should suggest a deep level of intimacy with the Divine the level on which the relationship between Creator and created takes on something of the intimacy Buber described with his I and Thou terminology But there are no biblical passages even those describing⁴ Martin S. Cohen God as deeply involved in the lives of human beings in which the Ehyeh name is used to hint at a special level of closeness with the Divine That too sounds as though it must be deeply meaningful but what Scripture means by revealing a name suggestive of divine intimacy and then never using it is again a riddle Readers should note that in this volume the Hebrew expression ehyeh asher ehyeh is printed in italicized lower case letters while the divine names Ehyeh and Ehyeh Asher Ehyeh are printed in Roman type and with upper case initial letters The authors of the essays in this volume have taken on the challenge of explaining this unique Hebrew phrase They are a diverse lot who bring to their work training and backgrounds in many different fields But what they have in common is a singular devotion to the written word as a powerful vehicle for the sharing of spiritual ideas Our authors have strong opinions but no effort has been made to bring those opinions in line with each other or to harmonize them within this volume I feel sure that most perhaps even all our authors are in agreement about many things but the mission of the Mesorah Matrix series is to demonstrate how rich an experience it can be to read a whole book of essays written by thoughtful intelligent scholarly and deeply spiritual people seeking to grow personally through the act of writing essays such as these and willing to invite others into that growth experience by making their work available to the reading public Unless otherwise indicated all translations here are the authors' own work Biblical citations of NJPS refer to the complete translation of Scripture published under the title Tanakh The Holy Scriptures by the Jewish Publication Society in Philadelphia in 1985 I would like to take this opportunity to acknowledge the other senior editors of the Mesorah Matrix series David Birnbaum and Benjamin Blech as well as Saul J. Berman our associate editor⁵

Preface As always I must also express my gratitude to the men and women and particularly to the lay leadership of the synagogue I serve as rabbi the Shelter Rock Jewish Center in Roslyn New York Possessed of the unwavering conviction that their rabbi's literary projects are part and parcel of his service to them and through them to the larger community of those interested in learning about Judaism through the medium of the well written word they are remarkably supportive of my literary efforts as author and editor I am in their debt and am pleased to acknowledge that debt formally here and whenever I

publish my own work or the work of others **Invest Your Suffering** Paul Mallard, 2013-09-20 Let me be honest during the last twenty years there have been times when my faith has seemed frail and fragile and almost ready to collapse I have struggled with seeing my wife stripped of her dignity and reduced by her agony I have doubted all kinds of things I have exploded and lashed out I do not like what is happening to my sweetheart one little bit Chronic illness never goes away Come on realistically how much more can we take But one thing I have never doubted is that in the darkest circumstances we were only ever in the hands of God That has been the ultimate source of comfort and hope As Paul Mallard knows only too well the crucible of suffering is a horrible place to be But lessons learned there can be powerful and memorable And it was there that Paul and Edrie experienced unexpected intimacy with a loving God who is no stranger to suffering They feel personally challenged to use their experience and insights to help fellow sufferers too
