Nigeria A New History Of A Turbulent Century:

Nigeria Richard Bourne, An essential insight into the shaping of the African giant **The Oxford Handbook of Nigerian History** Toyin Falola, Matthew M. Heaton, 2022 Thirty six chapters covering the history of Nigeria from prehistoric times to the twenty first century Accessible overviews of both the political narrative as well as the deeper histories of social organization identity formation and inter group relationships cutting edge analysis of key themes from highly respected scholars in a single forward facing volume Book jacket [The History of Chinese Presence in Nigeria \(1950s-2010s\)](#) Shaonan Liu, 2022-06-29 As the first book length work on the history of Chinese presence in Nigeria this book examines how Chinese migrants and the Nigerian state workers traders and consumers interacted with and influenced one another from the mid twentieth century to the early twenty first century Based on a combination of archival sources and oral history interviews this book argues that the significant Chinese presence in Nigeria Chinese owned factories commodities and entrepreneurs is not as recent a phenomenon as it might appear As early as the 1950s an influential yet understudied group of Chinese entrepreneurs moved to Nigeria set up factories and gradually came to dominate some of the country s key manufacturing industries such as textile and enamelware over subsequent decades Such dominance remained unchallenged until the coming of mainland Chinese traders with their made in China goods in the late 1990s dramatically changing the structure and influential pattern of the Chinese in Nigeria The research also emphasizes African Nigerian agency in shaping this Chinese presence both economically and culturally This is a vital read for academics researchers and students of African History African Studies Chinese Studies and those who are interested in contemporary issues relating to Africa China relations **Nigerians, Unshackle Yourselves** T.E Anyansi, 2021-10-24 There is a catastrophe waiting to happen the death or displacement of millions of people when Nigeria a country of over 200 million people collapses Nigeria is ranked 12th in the 2021 Fragile State Index more fragile than Haiti 13th and only a few points less fragile than Afghanistan 9th An estimated seven kidnappings occur in Nigeria every day and the country is home to the most people living in extreme poverty since 2018 The number of Nigerians living in extreme poverty is said to grow by six people every minute According to Nigeria s National Bureau of Statistics the unemployment rate for people aged 25 to 34 years in 2020 was 53.4% The inflation rate in Nigeria as of March 2021 was 18.1% All the incendiary ingredients are now in place waiting for a careless spark to ignite what might become the greatest calamity to befall Africa in the 21st century We know this catastrophe is coming but we choose to ignore it This book challenges Nigerians to understand the problem with Nigeria and come to a practical solution before it is too late The author has lived in Nigeria for most of his life and has experienced the vicissitudes of living in a failed state He has also experienced the benefits of living in other countries where the system works His unique perspective as a Nigerian immigrant who has lived in other developed countries brings a different dimension to the narrative His message is that it is time for Nigerians to stop praying for a messiah and take the necessary actions to save the country

from imminent collapse **The Oxford Handbook of Nigerian Politics** A. Carl LeVan, Patrick Ukata, 2018-10-18 The Oxford Handbook of Nigerian Politics offers a comprehensive analysis of Nigeria's very rich history and ever-changing politics to its readers. It provides a deep understanding of Nigeria's socio-political evolution and experience by covering a broad range of political issues and historical eras. The volume encompasses 44 chapters organized thematically into essays covering history, political institutions, civil society, economic and social policy, identity and insecurity, and Nigeria in a globalized world. By identifying many of the classic debates in Nigerian politics, the chapters serve as an authoritative introduction to Africa's most populous country. The chapters are interdisciplinary, introducing readers to classic debates and key research on Nigeria as well as new methodologies, new data, and a compelling corpus of research questions for the next generation of researchers and readers interested in Africa.

Nigerian Cultural History and Challenges of Postcolonial Development Aderemi Suleiman Ajala, Samuel Oluwole Ogundele, 2023-04-05 An inspiring editorial analysis and interpretation of aspects of Nigerian history, culture, and politics from mankind's archaeological past to ethnographic present, this book contextualises cultural history as an instrument of sustainable development in postcolonial Nigeria. Nigeria's rich cultural history defines its physical environment, cultural diversities, early industrial technology, and even its various challenges of development. Yet little is achieved in engaging cultural history as cultural experience for the country's development. The gains of cultural history as a mirror of the past and inspiration for development is ignored. This difficulty in harnessing the potential for development in Nigeria found in the country's cultural history leaves us vulnerable to repeating past mistakes. The book is accessible and aimed at giving the readers a unique and expansive understanding of history, cultural knowledge, and their applications in Nigerian postcolonial development agendas. This makes the book essential for scholars of anthropology, archaeology, history, linguistics, sociology, political science, and geography, as well as policy makers.
