Annual Reports Made to the Governor of the State of Ohio, for the Year ... Ohio, 1859 Into the Flashback: The Flashback/Dinosaur Apocalypse Trilogy, Book One Wayne Kyle Spitzer, 2022-09-24 First came the time storm which erased half the population Then came the dinosaur apocalypse How did it all begin That depends on where you were and who you ask In some places it started with the weather which quickly became unstable and began behaving in impossible ways In still others it started with the lights in the sky which shifted and pulsed and could not be explained Elsewhere it started with the disappearances one here a few there but increasing in occurrence until fully three quarters of the population had vanished Either way there is one thing on which everyone agrees it didn t take long for the prehistoric flora and fauna to start showing up often appearing right where someone was standing in which case the two were fused spliced amalgamated It didn t take long for the great Time displacement called the Flashback which was brief but had aftershocks like an earthquake to change the face of the earth Nor for the stories some

long and others short some from before the maelstrom and resulting societal collapse and others after to be recorded Welcome to the world of the Flashback a world in which man's cities have become overgrown jungles and extinct animals wander the ruins You can survive here if you're lucky and if you're not in the wrong place at the wrong time which is everywhere all the time But what you'll never do is remain the same for this is a world whose very purpose is to challenge you for better or for worse It is a world where frightened commuters will do battle with murderous bikers even as primordial monsters close in and others will take refuge in an underground theme park only to find their worst enemy is themselves Where ordinary people never do wells on a cross country motorcycle trip a woman on a redeye flight to Hell a sensitive boy stricken with visions of what's to come will find themselves in extraordinary situations and a gunslinger and his telekinetic ankylosaurus will embark on a dangerous quest A world where travelers will be trapped with an unravelling President of the United States and a band of survivors will face roving packs of monsters and men in post apocalyptic Seattle where rioting teenagers will face deadly predators as well as their own demons while ransacking the nation's capital where a Native American warrior will seek to bury his past and offer an elegy for all the Earth in what remains of Las Vegas In short it is a world where anything can and will happen So take a deep dive into these loosely connected tales of the Dinosaur Apocalypse each of which can be read individually or as a part of the greater saga tales of wonder and terror death and survival blood and beauty Do it today before the apocalypse comes
