Zbigniew Preisner's *Three Colors Trilogy* A Film Score Guide fills an important void in film score scholarship. In this guide, Reyland analyzes the historical context of the film scores, the life of the composer, the hermeneutic and narrative role of the music within the film, and the musical scoring techniques used for the trilogy. This volume also draws on an interplay of established classic approaches to analyzing film music and more recent approaches in the exploration of its themes and readings. In addition, the composer's willingness to be interviewed by Reyland enhances the musicological scholarship of this book, giving the reader privileged access into the process of scoring. A significant contribution to both film studies and musicological literature, this book celebrates one of the great cinematic achievements of the last few decades. *Ilan Eshkeri's Stardust* Ian Sapiro, 2013-07-16 Based on Neil Gaiman's novel of the same name, *Stardust* (2007) was an instant hit with fans of fantasy and science fiction. The film follows the adventures of a young man who crosses through a gap in a wall which separates England from a magical kingdom. The fantastical atmosphere required by the narrative is maintained by the scale and grandeur of much of the musical score, written by rising British composer Ilan Eshkeri. Trained in the craft by composers Michael Kamen, Ed Shearmur, and Hans Zimmer, Eshkeri more than lived up to the task of producing music for one of his first feature films. In *Ilan Eshkeri's Stardust: A Film Score Guide*, Ian Sapiro carefully examines both Eshkeri's music for the film and the working habits of the composer himself. An introduction to Eshkeri establishes the context within which he developed as a film score composer, followed by an analysis of his musical style and his scoring strategies, particularly for the film *Stardust*. Eshkeri's collaborative partnerships with music producer Steve McLaughlin, contractor/conductor Andy Brown, orchestrator Robert Elhai, and copyist Vic Fraser are also discussed. In addition, Eshkeri's relationship with *Stardust* director Matthew Vaughn, Eshkeri's involvement in the musical identity of the film during the production phase, is also evaluated, as are developments in the score in the context of a new conceptual model of film score production in the UK. With complete cooperation from Eshkeri, who provided the author with privileged access to primary materials, Sapiro presents a unique look into the art of film scoring. The first detailed investigation of this composer and his music, *Ilan Eshkeri's Stardust: A Film Score Guide* is sure to be of interest to film and music scholars and fans. **Jerome Moross's The Big Country** Mariana Whitmer, 2012-06-25 With its unique focus on pacifism, *The Big Country* was an unusual Western for audiences of the 1950s. Produced in 1958, this epic film featured an all-star cast that included Gregory Peck, Charlton Heston, and Oscar winner Burl Ives. One of the most enduring elements of the film has been Jerome Moross's score. Inspired to rethink the traditional Western score and approach it in a way that enhances the emotional content rather than simply accompanying the action, Moross created a work that stands as one of the great achievements of cinematic music. In *Jerome Moross's The Big Country: A Film Score Guide*, Mariana Whitmer examines Moross's landmark work, a score that continues to attract listeners and influence composers of film Westerns and otherwise. This book begins with a biographical survey of Moross's formative years, his early dramatic compositions in ballet and musical theater, and his early film work, providing an historical context for

understanding his approach to scoring *The Big Country* Drawing upon Moross's original manuscripts and correspondence Whitmer looks carefully at the score itself She relates the history of this magnificent score and how the film's music differs significantly from contemporary trends in the Western Whitmer also examines the music's individual cues and describes how Moross approached the film as a dramatic entity delineating sections of the narrative into mega scenes through the music Finally the aftermath of this score is considered including how it has influenced not only subsequent Westerns but also music videos The first book devoted to a Western film score and the only biographical book on the composer Jerome Moross's *The Big Country: A Film Score Guide* will be a valuable read for musicologists film scholars and anyone interested in Moross and his music
