Pearce, E. Fuat Keyman, 2018-02-28 Istanbul explores how to live with difference through the prism of an age-old cutting-edge city whose people have long confronted the challenge of sharing space with the Other Located at the intersection of trade networks connecting Europe Asia and Africa Istanbul is western and eastern northern and southern religious and secular Heir of ancient empires Istanbul is the premier city of a proud nation-state even as it has become a global city of multinational corporations NGOs and capital flows Rather than exploring Istanbul as one place at one time the contributors to this volume focus on the city's experience of

migration and globalization over the last two centuries Asking what Istanbul teaches us about living with people whose hopes jostle with one's own contributors explore the rise collapse and fragile rebirth of cosmopolitan conviviality in a once and future world city The result is a cogent interdisciplinary exchange about an urban space that is microcosmic of dilemmas of diversity across time and space

Meyer, 2023 N z m Hikmet is Turkey's best known poet and one of their most recognizable historical figures James H Meyer situates N z m's fascinating international life story within the context of his border crossing generation of Turkish communist contemporaries addressing changing attitudes in the 20th century toward borders and the people who cross them

Sport, Migration, and Gender in the Neoliberal Age Niko Besnier, Domenica Gisella Calabrò, Daniel Guinness, 2020-10-25 This ethnographic collection explores how neoliberalism has permeated the bodies subjectivities and gender of youth around the world as global sport industries have expanded their reach into marginal areas luring young athletes with the dream of pursuing athletic careers in professional leagues of the Global North Neoliberalism has reconfigured sport since the 1980s as sport clubs and federations have become for profit businesses in conjunction with television and corporate sponsors Neoliberal sport has had other important effects which are rarely the object of attention as the national economies of the Global South and local economies of marginal areas of the Global North have collapsed under pressure from global capital many young people dream of pursuing a sport career as an escape from poverty But this elusive future is often located elsewhere initially in regional centres though ultimately in the wealthy centres of the Global North that can support a sport infrastructure The pursuit of this future has transformed kinship relations gender relations and the subjectivities of people This collection of rich ethnographies from diverse regions of the world from Ghana to Finland and from China to Fiji pulls the reader into the lives of men and women in the global sport industries including aspiring athletes their families and the agents coaches and academy directors shaping athletes dreams It demonstrates that the ideals of neoliberalism spread in surprising ways intermingling with categories like gender religion indigeneity and kinship Athletes migrations provide a novel angle on the global workings of neoliberalism This book will be of key interest to scholars in Gender Studies Anthropology Sport Studies and Migration Studies

Welcome to Hell? John McManus, 2018-04-26 Ask a British football fan what they know about Turkish football and they are unlikely to describe scenes of camaraderie hospitality and humour They are more likely to mention banners proclaiming Welcome to hell Or Leeds United supporters stabbed to death on an Istanbul street Frustrated by the game's distorted image back home John McManus set out to show the Turkish football that he knew the rich funny obsessive fan culture that he had encountered on the terraces But he hadn't accounted for the politics Travelling from the elite training facilities of Istanbul to dusty pitches on the Syrian border taking in visits to far flung clubs encounters with characterful players and experiences at riotous matches along the way Welcome to Hell offers a unique perspective on an alluring yet troubled football culture

Notes on a Foreign Country Suzy Hansen, 2017-08-15 Pulitzer Prize Finalist Hansen

s principal injunction to Americans to understand how others view them and their country's policies is timely and urgent. The Washington Post Winner of the Overseas Press Club of America's Cornelius Ryan Award. A New York Times Notable Book. Named a Best Book of the Year by New York Magazine and The Progressive. In the wake of the September 11 attacks and the US-led invasion of Iraq, Suzy Hansen, who grew up in an insular conservative town in New Jersey, was enjoying early success as a journalist for a high-profile New York newspaper. Increasingly, though, the disconnect between the chaos of world events and the response at home took on pressing urgency for her. Seeking to understand the Muslim world that had been reduced to scaremongering headlines, she moved to Istanbul. She arrived with romantic ideas about a mythical city perched between East and West and with a naïve sense of the Islamic world beyond. Over the course of her many years of living in Turkey and traveling in Greece, Egypt, Afghanistan, and Iran, she learned a great deal about these countries and their cultures and histories and politics. But the greatest, most unsettling surprise would be what she learned about her own country and herself: an American abroad in the era of American decline. It would take leaving her home to discover what she came to think of as the two Americas: the country and its people and the experience of American power around the world. She came to understand that anti-Americanism is not a violent pathology. It is, Hansen writes, a broken heart, a one hundred year old relationship. Blending memoir, journalism, and history and deeply attuned to the voices of those she met on her travels, *Notes on a Foreign Country* is a moving reflection on America's place in the world. It is a powerful journey of self-discovery and revelation, a profound reckoning with what it means to be American in a moment of grave national and global turmoil. Her fascinating insider's view of Recep Tayyip Erdogan's rise upends Western simplicities. *The Atlantic* vividly captures the disorientation we experience when our preconceived notions collide with uncomfortable discoveries. Rare and refreshing. *The Washington Post*: A deeply honest and brave portrait of an individual sensibility reckoning with her country's violent role in the world. *The New York Times Book Review*: A fluid amalgam of memoir, journalism, and political critique and a very readable challenge to American exceptionalism. *The Financial Times*.

Against the Liberal Order Samuel J. Hirst, 2024-06-26. In the aftermath of the First World War, the Western great powers sought to redefine international norms according to their liberal vision. They introduced Western-led multilateral organizations to regulate cross-border flows, which became pivotal in the making of an interconnected global order. In contrast to this well-studied transformation, Hirst considers in detail for the first time the responses of the defeated interwar Soviet Union and early Republican Turkey, who challenged this new order with a reactive and distinctly state-led international politics. As Mustafa Kemal Atatürk took up arms in 1920 to overturn the terms of the Paris settlement, Vladimir Lenin provided military and economic aid as part of a partnership that both sides described as anti-imperialist. Over the course of the next two decades, the Soviet and Turkish states coordinated joint measures to accelerate development in spheres ranging from aviation to linguistics. Most importantly, Soviet engineers and architects helped colleagues in Ankara launch a five-year plan and build massive state-owned factories to produce textiles and replace

Western imports Whilst the Kemalists cooperation with the Bolsheviks has often been described as pragmatic this book demonstrates that Moscow and Ankara actually came together in an ideological convergence rooted in anxiety about underdevelopment relative to the West gradually arriving at statist internationalism as an alternative to Western liberal internationalism Drawing on extensive archival research and offering an often ignored and non Western perspective on the history of international relations and diplomacy Against the Liberal Order presents a novel interpretation of the international order of the interwar period that crosses the borders of historical disciplines and contributes to questions of current concern in world politics

The Idealist Samuel Zipp, 2020-03-10 Winner of the Robert H Ferrell Book Prize The Idealist is a powerful book gorgeously written and consistently insightful Samuel Zipp uses the 1942 world tour of Wendell Willkie to examine American attitudes toward internationalism decolonization and race in the febrile atmosphere of the world's first truly global conflict Andrew Preston author of *Sword of the Spirit* Shield of Faith A dramatic account of the plane journey undertaken by businessman turned maverick internationalist Wendell Willkie to rally US allies to the war effort Willkie's tour of a planet shrunk by aviation and war inspired him to challenge Americans to fight a rising tide of nationalism at home In August 1942 as the threat of fascism swept the world a charismatic Republican presidential contender boarded the Gulliver at Mitchel Airfield for a seven week journey around the world Wendell Willkie covered 31 000 miles as President Roosevelt's unofficial envoy He visited the battlefield in North Africa with General Montgomery debated a frosty de Gaulle in Beirut almost failed to deliver a letter to Stalin in Moscow and allowed himself to be seduced by Chiang Kai shek in China Through it all he was struck by the insistent demands for freedom across the world In *One World* the runaway bestseller he published on his return Willkie challenged Americans to resist the America first doctrine espoused by the war's domestic opponents and warned of the dangers of narrow nationalism He urged his fellow citizens to end colonialism and embrace equality of opportunity for every race and every nation With his radio broadcasts regularly drawing over 30 million listeners he was able to reach Americans directly in their homes His call for a more equitable and interconnected world electrified the nation until he was silenced abruptly by a series of heart attacks in 1944 With his death America lost its most effective globalist the man FDR referred to as Private Citizen Number One At a time when America first is again a rallying cry Willkie's message is at once chastening and inspiring a reminder that one world is more than a matter of supply chains and economics and that racism and nationalism have long been intertwined

The Business of Transition Paris Papamichos Chronakis, 2024-10-22 The Business of Transition examines how the cosmopolitan bourgeoisie of the Eastern Mediterranean navigated the transition from empire to nation state in the early twentieth century In this social and cultural history Paris Papamichos Chronakis shows how the Jewish and Greek merchants of Salonica present day Thessaloniki skillfully managed the tumultuous shift from Ottoman to Greek rule amidst revolution and war rising ethnic tensions and heightened class conflict Bringing their once powerful voices back into the historical narrative he traces their entangled trajectories as businessmen

community members and civic leaders to illustrate how the self reinvention of a Jewish led bourgeoisie made a city Greek
Papamichos Chronakis draws on previously untapped local archival material to weave a rich narrative of individual portraits
introducing us to revered philanthropists and committed patriots as well as vilified profiteers and victimized Salonians
Offering a kaleidoscopic view of a city in transition this book reveals how the collapse of empire shook all the constitutive
elements of Jewish and Greek identities and how Jews and Greeks reinvented themselves amidst these larger political and
economic disruptions
