Life on Earth Mike Dooley, 2018-07-24 What's happening in the world lately How can I be happy when so many are not Is life about following your heart or taking what's served to you Who were the prophets what are angels and what happens when we die What happened to our ancient civilizations do secret societies have any real secrets and are aliens now visiting us What's real What matters Who says Who cares How do we know or find our purpose Many of us ask ourselves these questions and many more as we go through our days and try to make sense of our lives Mike Dooley asks them too except his questions get answered Wisely Compassionately Fully One such answer explained its source stating that we all have a higher self within that predates this life and will live beyond it and thus it knows a whole lot more than we do about where we've been why we're here and what will likely happen next on planet Earth

Life on Earth takes the form of a journal in which Mike asks what's on his mind during pivotal times in his life. As one of today's most respected New Thought leaders and reality theorists, he offers a lofty platform for this wide-ranging dialogue that powerfully expands our perspectives on essential truths, taking on topics such as Why and how to see through the illusions of life on earth, How to make sense of natural disasters and man-made tragedies, Living deliberately, creating consciously, and finding your power. Wealth, relationships, past lives, and the evolution of consciousness. The ultimate reason for life on earth, it's shockingly simple. These are questions asked from the heart with a cautious, even suspicious mind. Mike explores the subtleties of the replies in depth and detail using his trademark wit and realism in this intrepid explorer's guide to the jungles of time and space.
