Middle Eastern Women And The Invisible Economy:

Middle Eastern Women and the Invisible Economy Richard Andrew Lobban, Elizabeth Warnock Fernea, 1998 Illuminates the economic behavior of a significant sector of Third World economies For gender studies this is a wonderful contribution not only on the resourcefulness of women but on the ephemeral impact of Islamic culture on women Ghada Talhami Lake Forest College A fascinating collection giving all sorts of insights into women s lives in various Middle Eastern communities Arlene E MacLeod Bates College This collection examines the invisible women of the Middle East and their vital economic activities Focusing on daily and domestic life in communities where more than half the population lives and works these essays highlight the struggles and hardships of women in the region and also establish the distance between this invisible world and the conflict over Islamic issues that dominate headlines in the West Indeed as these essays illustrate from the perspective of this invisible population Islam appears variegated and tempered by cultural historical and gender circumstances This work also documents the general emergence of the female centered informal economy from the shadows toward a central role in the lives of Middle Eastern women in their respective nations Part I Strategies for Survival Women at the Margins Nubian Women and the Shadow Economy by Anne M Jennings Baggara Women as Market Strategists by Barbara J Michael Invisible Survivors Women and Diversity in the Transitional Economy of Yemen by Delores M Walters The Invisible Economy Survival and Empowerment Five Cases from Atbara Sudan by Nada Mustafa M Ali Part II Women and Work The Invisible Economy of Egypt Urban Egyptian Women in the Informal Health Care Sector by Marcia C Inhorn Nest Eggs of Gold and Beans Baladi Egyptian Women s Invisible Capital by Evelyn A Early Women Work and the Informal Economy in Rural Egypt by Barbara K Larson Women and Home Based Microenterprises by Marie Butler Part III Methods and Measures The Invisible Economy of Tunisia Invisible Work Work at Home and the Condition of Women in Tunisia by Sophie Ferchiou Women in the Invisible Economy in Tunis by Richard A Lobban Jr The Invisible Economy at the Edges of the Medina of Tunis by Isabelle Berry Chikhaoui Part IV Locations and Linkages in the Invisible Economy Marcel Straddling Visible and Invisible Lebanese Economies by Suad Joseph Women in Cairo s In visible Economy Linking Local and National Trends by Homa Hoodfar Engaging Informality Women Work and Politics in Cairo by Diane Singerman Richard Lobban is professor of anthropology and African studies at Rhode Island College His most recent three books are on the history culture and politics of the Cape Verde Islands and Guinea Bissau Employment Creation and Social Protection in the Middle East and North Africa Economic Research Forum for the Arab Countries, Iran, and Turkey, 2002 Describes and analyzes critical aspects of the labor market and social protection in the Arab world **Women, Work, and Patriarchy in the Middle East and North Africa** Fariba Solati, 2017-03-20 This book investigates why the rate of female labor force participation in the Middle East and North Africa is the lowest in the world Using a multidisciplinary approach the book explains that the primary reason for the low rate of female labor force participation is the strong institutions of patriarchy in the region Using multiple

proxies for patriarchy this book quantifies the multi dimensional concept of patriarchy in order to measure it across sixty developing countries over thirty years The findings show that Middle Eastern and North African countries have higher levels of patriarchy with regards to women s participation in public spheres compared with the rest of the world Although the rate of formal female labor force participation is low women across the region contribute greatly to the financial wellbeing of their families and communities By defining a woman s place as in the home patriarchy has made women s economic activities invisible to official labor statistics since it has caused many women to work in the informal sector of the economy or work as unpaid workers thus creating an illusion that women in the region are not economically active While religion has often legitimized patriarchy oil income has made it affordable for many countries in the region

Reconstructions in Middle East Economic History Don Babai,2024-10-24 This volume explores major theoretical and empirical themes in the study of the economic history of the Middle East Despite the relative neglect of economic history in Middle Eastern studies this book makes a case for its importance as a discipline of study On the one hand it shows promise in illuminating the economic base of historical trends and events on the other it can elucidate the historical foundations of economic continuity and change The chapters employ an array of theoretical and methodological approaches and ultimately demonstrate how economics and history along with political economy complement each other in studying the Middle East Among the substantive topics explored are the trajectories of the Arab Spring institutional change and economic development in the early Ottoman Empire the destructive effects of the reordering property rights in Iraq by the American led occupation authority the evolution of the political economy of the Islamic Republic of Iran and the determinants of movements in the yields of Egyptian and Ottoman sovereign debt following political and economic crises in the 19th and early 20th centuries The book will be of interest to scholars and students of economic history political economy and the Middle East

Historical Dictionary of Women in the Middle East and North Africa Ghada Talhami,2012-12-19 The overriding theme of this work is that women s struggles human rights myths and literary expression are indispensable to an understanding of the modern culture and socio political development of the Middle East region The work demonstrates that no aspect of Middle Eastern history and modern evolution was shaped in isolation of women s lives and contributions to society The dictionary covers the biographies and written work of prominent historical female figures in the Middle East and North Africa as well as 20th century feminists both male and female who advanced women s rights over many years The Historical Dictionary of Women in the Middle East and North Africa includes a chronology an introductory essay an extensive bibliography and a dictionary section that has over 400 cross referenced entries on various aspects of Middle Eastern feminism and culture touching upon religious themes such as Sharia laws Islamic marriage divorce and inheritance practices This book is an excellent access point for students researchers and anyone wanting to know more about the culture and

history of women in the Middle East and North Africa **A Companion to the Anthropology of the Middle East** Soraya Altorki, 2015-05-04 A Companion to the Anthropology of the Middle East presents a comprehensive overview of current trends and future directions in anthropological research and activism in the modern Middle East Named as one of Choice's Outstanding Academic Titles of 2016 Offers critical perspectives on the theoretical methodological and pedagogical goals of anthropology in the Middle East Analyzes the conditions of cultural and social transformation in the Middle Eastern region and its relations with other areas of the world Features contributions by top experts in various Middle East anthropological specialties Features in depth coverage of issues drawn from religion the arts language politics political economy the law human rights multiculturalism and globalization *Daughters Of Tunis* Paula Holmes-Eber, 2018-02-19 Daughters of Tunis is an innovative ethnography that carefully weaves the words and intimate personal stories of four Tunisian women and their families with a statistical analysis of women's survival strategies in a rapidly urbanizing industrializing Muslim nation Delineating three distinct network strategies Holmes Eber demonstrates the public role of neighborhoods as informal social security systems and the impact of women's education class and migration on women's resources and networks An engaging warm and oftentimes humorous portrait of Muslim women's responses to development Daughters of Tunis is an exciting new approach to ethnography merging the historically disparate methods of both qualitative and quantitative analysis **The Diffusion of "Small" Western Technologies in the Middle East** Uri M. Kupferschmidt, 2023-10-04 In recent years we have become interested in the diffusion of small Western technologies in the countries of the Middle East during the 19th and 20th centuries the era of Imperialism and first globalization We postulated a contrast between small and big technologies Under the latter category we may understand railway systems electricity grids telegraph networks and steam navigation imposed by foreign powers or installed by connected local entrepreneurs But many small Western technologies such as sewing machines typewriters pianos eyeglasses and similar consumer goods which had been developed and manufactured in Europe and America were wanted and willingly acquired by the agency of individual users elsewhere In a few cases however the inventions had to be adapted or were overstepped and even delayed Some were adopted as social markers or status symbols only by elites who could afford them Processes of adoption and diffusion therefore differed according to cultural settings preferences and needs Social and cultural historians and social scientists not only of the Middle East will find in this collection of essays a new approach to the impact of Western technological inventions on the Middle East **Historical Dictionary of the Sudan** Robert S. Kramer, Richard A. Lobban Jr., Carolyn Fluehr-Lobban, 2013-03-22 The Republic of the Sudan was long the largest country in Africa and according to the general consensus also one of the least successful in many ways This was not entirely its fault since it lay along the fault line between Muslim and Christian Africa and between the Nile Valley civilizations and African Sudanic cultures This partly explains the long and bloody warfare waged by the Southerners to achieve independence which they did in July 2011 So this hefty book actually covers not one but

two states This fourth edition of the Historical Dictionary of the Sudan does so first through a lengthy and detailed chronology tracing its relatively few successes and numerous failures The introductory essay does an admirable job of putting it all in perspective But the most informative part is the dictionary with now over 700 entries for this fourth edition They deal with important personalities politics the economy society culture religion and inevitably the civil war There are also appendixes and an extensive bibliography
