Middlebrow Moderns Popular American Women Writers Of The 1920s:

Middlebrow Moderns Lisa Botshon, Meredith Goldsmith, 2003 These original essays shed light on a group of American women writers of the 1920s who negotiated the delicate balance between popular and critical success [The Routledge Introduction to American Women Writers](#) Wendy Martin, Sharone Williams, 2016-04-28 The Routledge Introduction to American Women Writers considers the important literary historical cultural and intellectual contexts of American women authors from the seventeenth century to the present and provides readers with an analysis of current literary trends and debates in women's literature This accessible and engaging guide covers a variety of essential topics such as the transatlantic and transnational origins of American women's literary traditions the colonial period and the Puritans the early national period and the rhetoric of independence the nineteenth century and the Civil War the twentieth century including modernism the Harlem Renaissance and the Civil Rights era trends in twenty first century American women's writing feminism gender and sexuality regionalism domesticity ethnicity and multiculturalism The volume examines the ways in which women writers from diverse racial social and cultural backgrounds have shaped American literary traditions giving particular attention to the ways writers worked inside outside and around the strictures of their cultural and historical moments to create space for women's voices and experiences as a vital part of American life Addressing key contemporary and theoretical debates this comprehensive overview presents a highly readable narrative of the development of literature by American women and offers a crucial range of perspectives on American literary history **A Companion to the Modern American Novel, 1900 - 1950** John T. Matthews, 2013-06-10 This cutting edge Companion is a comprehensive resource for the study of the modern American novel Published at a time when literary modernism is being thoroughly reassessed it reflects current investigations into the origins and character of the movement as a whole Brings together 28 original essays from leading scholars Allows readers to orient individual works and authors in their principal cultural and social contexts Contributes to efforts to recover minority voices such as those of African American novelists and popular subgenres such as detective fiction Directs students to major relevant scholarship for further inquiry Suggests the many ways that modern American and fiction carry new meanings in the twenty first century *Sex Expression and American Women Writers, 1860-1940* Dale M. Bauer, 2009-06-01 American women novelists of the late nineteenth and early twentieth centuries registered a call for a new sexual freedom Dale Bauer contends By creating a lexicon of sex expression many authors explored sexuality as part of a discourse about women's needs rather than confining it to the realm of sentiments where it had been relegated if broached at all by earlier writers This new rhetoric of sexuality enabled critical conversations about who had sex when in life they had it and how it signified Whether liberating or repressive sexuality became a potential force for female agency in these women's novels Bauer explains insofar as these novelists seized the power of rhetoric to establish their intellectual authority Thus Bauer argues they helped transform the traditional ideal of sexual purity into a new goal of

sexual pleasure defining in their fiction what intimacy between equals might become Analyzing the work of canonical as well as popular writers including Edith Wharton Anzia Yezierska Julia Peterkin and Fannie Hurst among others Bauer demonstrates that the new sexualization of American culture was both material and rhetorical

Modernist Women Writers and American Social Engagement Jody Cardinal, Deirdre E. Egan-Ryan, Julia Lisella, 2019-03-15 Modernist Women Writers and American Social Engagement explores the role of social and political engagement by women writers in the development of American modernism Examining a diverse array of genres by both canonical modernists and underrepresented writers this collection uncovers an obscured strain of modernist activism Each chapter provides a detailed cultural and literary analysis revealing the ways in which modernists politically and socially engaged interventions shaped their writing Considering issues such as working class women's advocacy educational reform political radicalism and the global implications for American literary production this book examines the complexity of the relationship between creating art and fostering social change Ultimately this collection redefines the parameters of modernism while also broadening the conception of social engagement to include both readily acknowledged social movements as well as less recognizable forms of advocacy for social change

Matrilineal Dissent Annie Atura Bushnell, Lori Harrison-Kahan, Ashley Walters, 2024-05-07 Collectively contributors reframe Jewish American literary history through feminist approaches that have revolutionized the field from intersectionality and the MeToo movement to queer theory and disability studies Examining both canonical and lesser known texts this collection asks what happens to conventional understandings of Jewish American literature when we center women's writing and acknowledge women as dominant players in Jewish cultural production

Reutter, 2009-03-02 In one consequential volume Crisscrossing Borders in Literature of the American West presents the cross section of a fast changing and greatly expanded field Through interdisciplinary essays this volume on the post national West challenges the idea of a unified national story sustained by strategic exclusions Contributors analyze the economic and environmental exploitation depicted in working class Western literature emphasize the transnational by approaching both the North South and cross Atlantic axes grapple with the role of Mormons and dissect the new masculinity of Silicon Gunslingers Each essay successfully and compellingly models a new and fruitful way of engaging the West

Bitter Tastes Donna M. Campbell, 2016 Challenging the conventional understandings of literary naturalism defined primarily through its male writers Donna M Campbell examines the ways in which American women writers wrote naturalistic fiction and redefined its principles for their own purposes Bitter Tastes looks at examples from Edith Wharton Kate Chopin Willa Cather Ellen Glasgow and others and positions their work within the naturalistic canon that arose near the turn of the twentieth century

Campbell further places these women writers in a broader context by tracing their relationship to early film which like naturalism claimed the ability to represent elemental social truths through a documentary method Women had a significant presence in early film and constituted 40 percent of scenario writers in many cases they also served as directors and producers Campbell explores the features of naturalism that assumed special prominence in women s writing and early film and how the work of these early naturalists diverged from that of their male counterparts in important ways Crossroads in Literature and Culture Jacek Fabiszak, Ewa Urbaniak-Rybicka, Bartosz Wolski, 2012-11-05 The book contains a selection of papers focusing on the idea of crossing boundaries in literary and cultural texts composed in English The authors come from different methodological schools and analyse texts coming from different periods and cultures trying to find common ground the theme of the volume between the apparently generically and temporarily varied works and phenomena In this way a plethora of perspectives is offered perspectives which represent a high standard both in terms of theoretical reflection and in depth analysis of selected texts Consequently the volume is addressed to a wide scope of both scholars and students working in the field of English and American literary and cultural studies furthermore it will be of interest also to students interested in theoretical issues linked with investigations into literature and culture
