Migrant Imaginaries Latino Cultural Politics In The Us Mexico Borderlands Nation Of Nations:

Migrant Imaginaries Alicia Schmidt Camacho, 2008-07-24 This book explores the transnational movements of Mexican migrants in pursuit of labor and civil rights in the United States from the 1920s onward Working through key historical moments such as the 1930s the Chicano Movement and contemporary globalization and neoliberalism the author examines the relationship between ethnic Mexican expressive culture and the practices sustaining migrant social movements She addresses how struggles for racial and gender equity cross border unity and economic justice have defined the Mexican presence in the United States since 1910

The Cultural Politics of U.S. Immigration Leah Perry, 2016-09-27 How the immigration policies and popular culture of the 1980 s fused to shape modern views on democracy In the 1980s amid increasing immigration from Latin America the Caribbean and Asia the circle of who was considered American seemed to broaden reflecting the democratic gains made by racial minorities and women Although this expanded circle was increasingly visible in the daily lives of Americans through TV shows films and popular news media these gains were circumscribed by the discourse that certain immigrants for instance single and working mothers were feared censured or welcomed exclusively as laborers In *The Cultural Politics of U S Immigration* Leah Perry argues that 1980s immigration discourse in law and popular media was a crucial ingredient in the cohesion of the neoliberal idea of democracy Blending critical legal analysis with a feminist media studies methodology over a range of sources including legal documents congressional debates and popular media such as *Golden Girls* *Who s the Boss* *Scarface* and *Mi Vida Loca* Perry shows how even while multicultural immigrants were embraced they were at the same time disciplined through gendered discourses of respectability Examining the relationship between law and culture this book weaves questions of legal status and gender into existing discussions about race and ethnicity to revise our understanding of both neoliberalism and immigration

Pacific Connections Kornel Chang, 2012-06-12 In the late nineteenth century the borderlands between the United States the British Empire in Canada and the Asia Pacific Rim emerged as a crossroads of the Pacific world In *Pacific Connections* Kornel Chang tells the dramatic stories of the laborers merchants smugglers and activists who crossed these borders into the twentieth century and the American and British empire builders who countered them by hardening racial and national lines But even as settler societies attempted to control the processes of imperial integration their project fractured under its contradictions Migrant workers and radical activists pursued a transnational politics through the very networks that made empire possible Charting the U S Canadian borderlands from above and below Chang reveals the messiness of imperial formation and the struggles it spawned from multiple locations and through different actors across the Pacific world *Pacific Connections* is the winner of the Outstanding Book in History award from the Association for Asian American Studies and is a finalist for the John Hope Franklin Book Prize from the American Studies Association

The Undocumented Everyday Rebecca M. Schreiber, 2018-03-13 Examining how undocumented migrants are using film video and other documentary media to

challenge surveillance detention and deportation As debates over immigration increasingly become flashpoints of political contention in the United States a variety of advocacy groups social service organizations filmmakers and artists have provided undocumented migrants with the tools and training to document their experiences In *The Undocumented Everyday* Rebecca M Schreiber examines the significance of self representation by undocumented Mexican and Central American migrants arguing that by centering their own subjectivity and presence through their use of documentary media these migrants are effectively challenging intensified regimes of state surveillance and liberal strategies that emphasize visibility as a form of empowerment and inclusion Schreiber explores documentation as both an aesthetic practice based on the visual conventions of social realism and a state administered means of identification and control As Schreiber shows by visualizing new ways of belonging not necessarily defined by citizenship these migrants are remaking documentary media combining formal visual strategies with those of amateur photography and performative elements to create a mixed genre aesthetic In doing so they make political claims and create new forms of protection for migrant communities experiencing increased surveillance detention and deportation

Debating American Identity Linda C. Noel, 2014-02-27 *Debating American Identity* is an innovative look at four national debates over the inclusion of the Mexican origin population in the United States in the early twentieth century Linda C Noel explores different conceptions of American identity through disputes over Arizona and New Mexico statehood temporary workers immigration and repatriation

Detention Empire Kristina Shull, 2022-08-30 The early 1980s marked a critical turning point for the rise of modern mass incarceration in the United States The Mariel Cuban migration of 1980 alongside increasing arrivals of Haitian and Central American asylum seekers galvanized new modes of covert warfare in the Reagan administration s globalized War on Drugs Using newly available government documents Shull demonstrates how migrant detention operates as a form of counterinsurgency at the intersections of US war making and domestic carceral trends As the Reagan administration developed retaliatory enforcement measures to target a racialized specter of mass migration it laid the foundations of new forms of carceral and imperial expansion Reagan s war on immigrants also sowed seeds of mass resistance Drawing on critical refugee studies community archives protest artifacts and oral histories *Detention Empire* also shows how migrants resisted state repression at every turn People in detention and allies on the outside including legal advocates Jesse Jackson s Rainbow Coalition and the Central American peace and Sanctuary movements organized hunger strikes caravans and prison uprisings to counter the silencing effects of incarceration and speak truth to US empire As the United States remains committed to shoring up its borders in an era of unprecedented migration and climate crisis reckoning with these histories takes on new urgency

Redeeming La Raza Gabriela González, 2018-06-15 The economic modernization of the American Southwest and Mexico transformed the lives of ethnic Mexicans subjecting them to economic exploitation and racism *Redeeming La Raza* analyzes how political activists using multiple strategies challenged white supremacy seeking to instill in ethnic Mexicans a sense of ethnic pride and unity

Border Cinema Monica Hanna, Rebecca A. Sheehan, 2019-04-15 The rise of digital media and globalization's intensification since the 1990s have significantly refigured global cinema's form and content. The coincidence of digitalization and globalization has produced what this book helps to define and describe as a flourishing border cinema whose aesthetics reflect construct intervene in denature and reconfigure geopolitical borders. This collection demonstrates how border cinema resists contemporary border fortification processes showing how cinematic media have functioned technologically and aesthetically to engender contemporary shifts in national and individual identities while proposing alternative conceptions of these identities to those promulgated by the often restrictive current political rhetoric and ideologies that represent a backlash to globalization.

Visible Borders, Invisible Economies Kristy L. Ulibarri, 2022-11-22 2023 Outstanding Book Award National Association for Ethnic Studies A thorough examination of the political and economic exploitation of Latinx subjects migrants and workers through the lens of Latinx literature photography and film. Globalization in the United States can seem paradoxical: free trade coincides with fortification of the southern border while immigration is reimagined as a national security threat. US politics turn aggressively against Latinx migrants and subjects even as post-NAFTA markets become thoroughly reliant on migrant and racialized workers. But in fact there is no incongruity here. Rather, anti-immigrant politics reflect a strategy whereby capital uses specialized forms of violence to create a reserve army of the living laboring dead. *Visible Borders, Invisible Economies* turns to Latinx literature photography and films that render this unseen scheme shockingly vivid. Works such as Valeria Luiselli's *Tell Me How It Ends* and Alex Rivera's *Sleep Dealer* crystallize the experience of Latinx subjects and migrants subjugated to social death: their political existence erased by disenfranchisement and racist violence while their bodies still toil in behalf of corporate profits. In Kristy L. Ulibarri's telling art clarifies what power obscures: the national security state performs anti-immigrant and xenophobic politics that substitute cathartic nationalism for protections from the free market while ensuring maximal corporate profits through the manufacture of disposable migrant labor.
