Mijn broeders hoedster Dorothee Sölle, Luise Schottroff, Ria van Hengel, 1986 Bundeling van bijbelstudies geschreven voor de Duitse Evangelische Kirchentag 1985 *Women in the Biblical World* Mayer I. Gruber, 1995-11-14 Women's history has emerged as an independent discipline because women have been written out of the history of Western civilization as commonly taught and researched Likewise feminist interpretation of the Bible often called feminist hermeneutics grew out of the realization that conscious and unconscious sexism had often led scholars and students to ignore and even obscure the substantial role of women and womanhood in Hebrew Scripture *Women in the Biblical World* provides scholars clergy seminarians college students and others with access to books and articles both technical and semi popular that shed light on the role of women in Hebrew Scripture The guide demonstrates that the study of women and womanhood in the biblical world has assumed special importance during the two great periods of struggle for women's rights the 1890s and the last quarter of the 20th century However this guide also demonstrates that the public role of women and womanhood in the ancient Near East was so great that scholarship has never been able to ignore it **Toptheologen** Jozef Wissink, 2006
